

FREE ROOF INSPECTION

No obligation · Call (208) 251-8203

Duro-Last® Single-Ply Roofing

Heat-welded seams. Reflective white. Built to last.

CERTIFIED DURO-LAST CONTRACTOR
FINANCING AVAILABLE

No Dollar Limit warranties up to 30 years

Issued in writing after Duro-Last inspects your finished roof. No cap on covered repairs, with hail and high-wind coverage available.

TPO · MOST POPULAR

Duro-TECH™ TPO

Best for: most commercial buildings and cost-conscious projects.

- 30-mil top layer on the 60-mil sheet, the industry's thickest.
- No Dollar Limit warranties from 15 to 25 years.
- Available in 45, 60, and 80 mil.

PVC · PREMIUM

Duro-Last® PVC

Best for: restaurants, food processors, and the longest-lasting roof.

- Our premium membrane. Resists grease, oils, and chemicals.
- No Dollar Limit warranties from 15 to 30 years.
- Available in 40, 50, and 60 mil.

Both membranes feature

✓ One-of-a-kind anti-wicking scrim

✓ No seam sealant needed

✓ Reflective white cuts cooling costs

✓ Fastened or fully adhered

✓ UL and FM approved

HOW IT'S BUILT

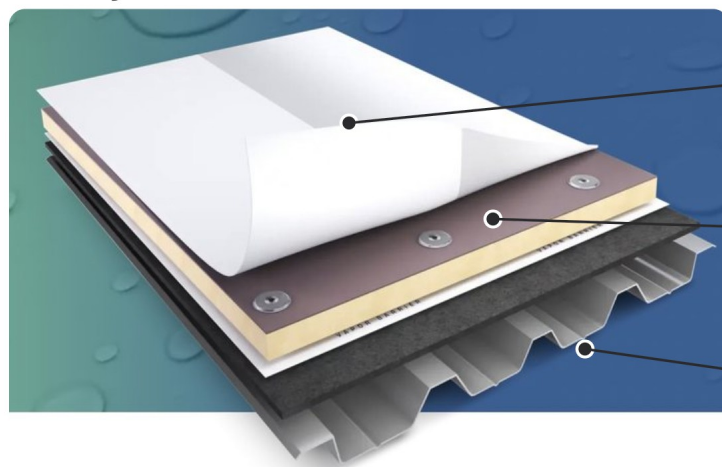

Inside a Duro-Last® Roof

Every layer, from the deck up.

The layers

Image courtesy of Duro-Last

Duro-Last membrane

PVC or TPO, heat-welded seams

Insulation board

Polyiso: adds R-value, saves energy

Roof deck

Steel shown; wood or concrete too

Spears Manufacturing: before and after

Before: worn, cracked roof surface.

After: new heat-welded Duro-Last membrane.

A family business, built on hard work

Every roof gets a custom solution. We outwork the competition and do it all: from inspections and repairs to restorations and replacements. Founder Michael Mast owns High Country, his brother David runs our projects, and his nephew Derek handles sales. With Amish roots and 50+ years of combined experience, we bring quality workmanship and creative problem-solving to every project.

- ✓ Family owned and operated
- ✓ Fully licensed and insured

- ✓ Michael or David on every job
- ✓ Certified Duro-Last contractor
